

FOR FOUNDERS & NEW BUSINESS OWNERS

STARTUP SUPPORT

From idea to incorporated, Launch Industries helps new business owners launch on a solid foundation. We handle entity formation, registrations, business plans, and first-hire support so you can focus on building the business, not the paperwork.

Best For

Aspiring entrepreneurs, side hustles going full-time, and new businesses in their first year

WHAT WE PROVIDE

- **Entity Selection:** LLC, S-Corp election, or C-Corp. We pick the structure that fits your goals, not the one that is easiest to file.
- **WA State Formation:** Secretary of State filings, registered agent appointment, and foreign qualification for out-of-state entities.
- **EIN, DOR & B&O Registration:** Federal EIN, Washington Department of Revenue, B&O and excise accounts, city business licenses.
- **Operating & Founder Agreements:** Operating agreements, founder agreements, vesting schedules, and equity documentation done right from day one.
- **Business Plans:** Narrative business plans for SBA lenders, landlords, investors, and grant applications, written to sound like you.
- **Financial Models:** Defensible 3-year projections with revenue build, cost stack, hiring plan, and assumptions documented in plain English.
- **Business Loan Application Support:** We prepare and package the complete lender narrative for SBA 7(a), community advantage, and CDFI loans.
- **Brand & Website Foundation:** Name, mark, voice, and a real website you are not embarrassed to hand to a customer or investor.
- **First Hire & Contractor Onboarding:** Offer letters, I-9 compliance, Gusto payroll setup, and the basic policies you need before the first paycheck.
- **Startup Cost Estimates:** Detailed estimates for launch costs, working capital needs, and runway planning so you know what you are signing up for.

1,100+

Businesses launched since 2022. That volume means we have seen the edge cases, the co-founder disputes, the lender rejections, and the cannabis equity programs, and we know exactly which corners to cut and which ones to never cut.
